A NOTE FROM OUR TEAM

# Fewer sales at the same price.

Between July and September, 851 homes sold across Hilton Head Island, greater Bluffton, Sun City, and Daufuskie, 9.9% fewer than in Q3 2025, for $697M in volume, down 11.5%. The decline sat on the island. Single-family sales fell from 247 to 199 while the average sale rose 5.9% to $1,680,482, and villa and condo sales fell from 217 to 187. Sea Pines produced the sale of the quarter, 9 Brown Pelican Road at $14,234,500. Bluffton General matched last year at 271 sales, and New Riverside, Hampton Lake, and Hilton Head Lakes each more than doubled their count, to 63, 30, and 30.

Across the 11 Greater Beaufort areas, 107 homes sold against 116 a year ago, yet volume rose 2.1% to $62.1M because the average sale climbed to $580,790 from $524,411. Lady's Island carried that number, with 41 sales against 24. A Beaufort home took 103 days to sell on average, up from 70. Dataw Island, Harbor Island, and Singleton Beach recorded no closings this quarter. Their pages stay in this issue with the prior figures, because a quarter with nothing sold is itself a reading.

This issue adds a second comparison to every page: the quarter just closed against the quarter before it. Measured that way, the market was flat. Closings fell 14.8% from the spring, as they do every summer, but the average sale moved from $793,097 to $818,611, homes took 88 days to sell in both quarters, and sellers received 97.1% of asking price against 97.3% in the spring and the same 97.1% a year ago. Buyers paid the same price in September that they paid in May.

> *The summer did not move the price. A correctly priced home still sold at full value, and it still took three months to find its buyer.*

WHERE THESE COMMUNITIES SIT

# Where they sit on Hilton Head Island.

Every Hilton Head and Daufuskie community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.

1 Folly Field
2 Forest Beach
3 Hilton Head Plantation
4 Indigo Run
5 Long Cove
6 Moss Creek
7 Palmetto Dunes & Shelter Cove
8 Palmetto Hall
9 Point Comfort
10 Port Royal
11 Sea Pines
12 Shipyard
13 Singleton Beach
14 Spanish Wells
15 Wexford
16 Windmill Harbour
17 Daufuskie Island

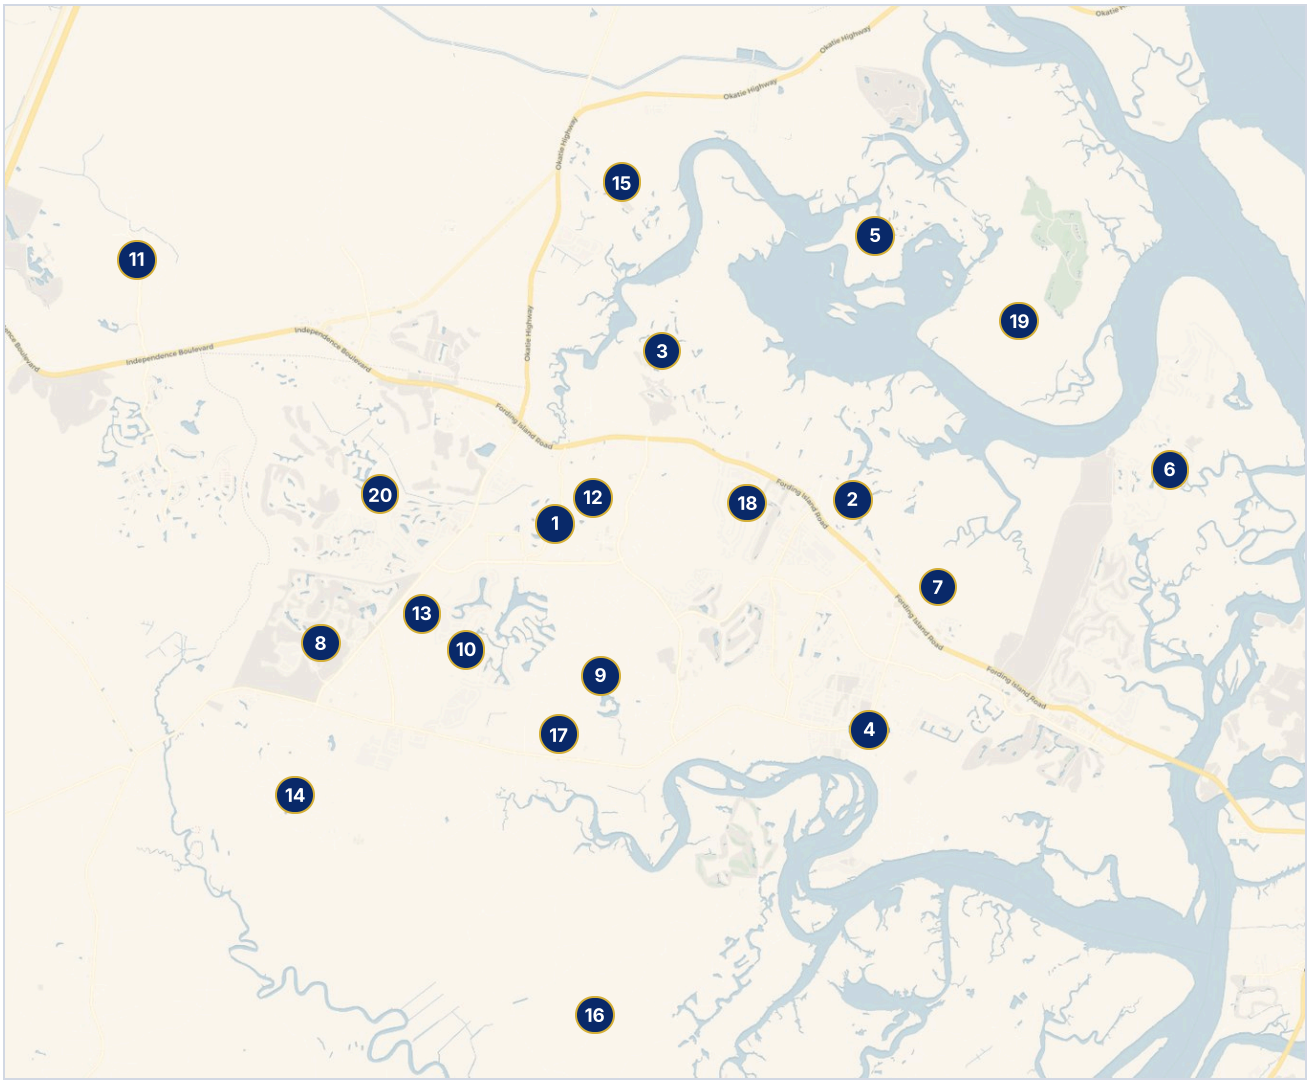
Hilton Head Island, All Single-Family Homes and Hilton Head Island, Villas & Condos are island-wide figures rather than single communities, so they carry no pin.

BASEMAP © OPENSTREETMAP CONTRIBUTORS · © CARTO

WHERE THESE COMMUNITIES SIT

# Where they sit across Bluffton & Okatie.

Every Bluffton, Okatie, and Hardeeville community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.



1 Baynard Park & Parkside
2 Belfair
3 Berkeley Hall
4 Bluffton General
5 Callawassie Island
6 Colleton River
7 The Crescent
8 Cypress Ridge
9 Hampton Hall
10 Hampton Lake
11 Hilton Head Lakes
12 Island West
13 Lawton Station
14 New Riverside
15 Oldfield
16 Palmetto Bluff
17 Rose Dhu
18 Rose Hill
19 Spring Island
20 Sun City & Riverbend

Bluffton General covers every Bluffton sale outside the named plantations, so its pin marks Old Town rather than an average.

BASEMAP © OPENSTREETMAP CONTRIBUTORS · © CARTO

WHERE THESE COMMUNITIES SIT

# Where they sit around Greater Beaufort.

Every Greater Beaufort community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.

1 Burton
2 Cat Island
3 Dataw Island
4 Downtown Historic Beaufort
5 Fripp Island
6 Habersham
7 Harbor Island
8 Lady's Island
9 Town of Port Royal
10 Shell Point
11 St. Helena Island

Shell Point sits inside Burton and is shown separately. Downtown Historic Beaufort and the Town of Port Royal draw on city-wide and town-wide figures, so their pins mark the historic district and the town rather than an average.

TALITA & DOUGLAS HAGGIST

# An engineer and a negotiator.

BEST HILTON HEAD PROPERTIES · CO-FOUNDERS

## TALITA

Talita grew up in a family of international property developers and studied civil engineering in Italy, Germany, and Russia. She served as senior liaison to the chief executive of a major international steel producer, on government joint ventures in property and infrastructure. She founded a tile distributor in Italy, negotiating directly with Valentino, Missoni, and Giorgio Armani, and selling into the Australian market. Her property management company oversees residences in Europe, South America, and the United States. Talita speaks six languages and has lived on Hilton Head since 2015.

## DOUGLAS

Douglas grew up in New York and spent many summers on Hilton Head. He worked for 10 years in NYC, and 15 years in London and Europe, in finance, medical research, and technology. Throughout his career, he has been involved in multiple startups achieving over $1 billion in sales, valuations, and exits. He studied Physics and Philosophy at Colgate University, business at University of Oxford, and was a member of a prominent independent research think tank in Princeton. He is an avid reader and audiophile, leads the family office, and continues to develop commercial and residential property internationally.
