A Look at the Lowcountry Market.

HILTON HEAD ISLAND · DAUFUSKIE · BLUFFTON · OKATIE · BEAUFORT

ISSUED
JULY 2026

BEST HILTON HEAD PROPERTIES

PREPARED FOR
CLIENTS AND FRIENDS

A NOTE FROM OUR TEAM

More sales, longer timelines, steady prices.

Between April and June, 1,003 homes sold across Hilton Head Island, greater Bluffton, Sun City and Daufuskie, 7.7% more than in Q2 2025, for \$794M in volume, up 7.4%. Bluffton supplied most of that growth. Its average sale reached \$568,756, up 7.6%, and New Riverside alone accounted for 57 of those sales, up from 46 a year ago. On the island, single-family prices held near \$1.43M, while the average villa or condo sold for \$595,644, down 8.7%, even as villa and condo sales rose 9.8%.

This issue adds Greater Beaufort, 11 areas from the downtown historic district out to the sea islands. The picture there is different. 111 homes sold, down from 122 a year ago, and volume fell 8.2% to \$68.8M. Burton accounts for most of the decline, with 27 sales against 37, though its average sale still rose 7.4%. Downtown Beaufort moved the other way, with 30 sales against 23. Across the Beaufort areas, a home took 84 days to sell on average, up from 55.

One number moved the same way in every area we cover. The average sale took 85 days from listing to closing on the island and in Bluffton, 11 days longer than last summer, even in peak season. Price held: on a sales-weighted basis, homes sold at 97.3% of asking price, exactly where the market stood a year ago. Buyers are not paying less. They are deciding more slowly, with more homes to compare. For a seller, that changes the cost of overpricing: not a lower offer, but months of waiting.

The market still pays full value for a correctly priced home. Our work is knowing that price, street by street, before yours goes on the market.

Best Hilton Head Properties

LOWCOUNTRY REAL ESTATE · Q2 2026

WWW.BESTHILTONHEADPROPERTIES.COM

WHERE THESE COMMUNITIES SIT

Where they sit on Hilton Head Island.

Every Hilton Head and Daufuskie community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.

- | | | |
|--------------------------|---------------------------------|---------------------|
| 1 Folly Field | 7 Palmetto Dunes & Shelter Cove | 13 Singleton Beach |
| 2 Forest Beach | 8 Palmetto Hall | 14 Spanish Wells |
| 3 Hilton Head Plantation | 9 Point Comfort | 15 Wexford |
| 4 Indigo Run | 10 Port Royal | 16 Windmill Harbour |
| 5 Long Cove | 11 Sea Pines | 17 Daufuskie Island |
| 6 Moss Creek | 12 Shipyard | |

Hilton Head Island, All Single-Family Homes and Hilton Head Island, Villas & Condos are island-wide figures rather than single communities, so they carry no pin.

WHERE THESE COMMUNITIES SIT

Where they sit across Bluffton & Okatie.

Every Bluffton, Okatie and Hardeeville community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.

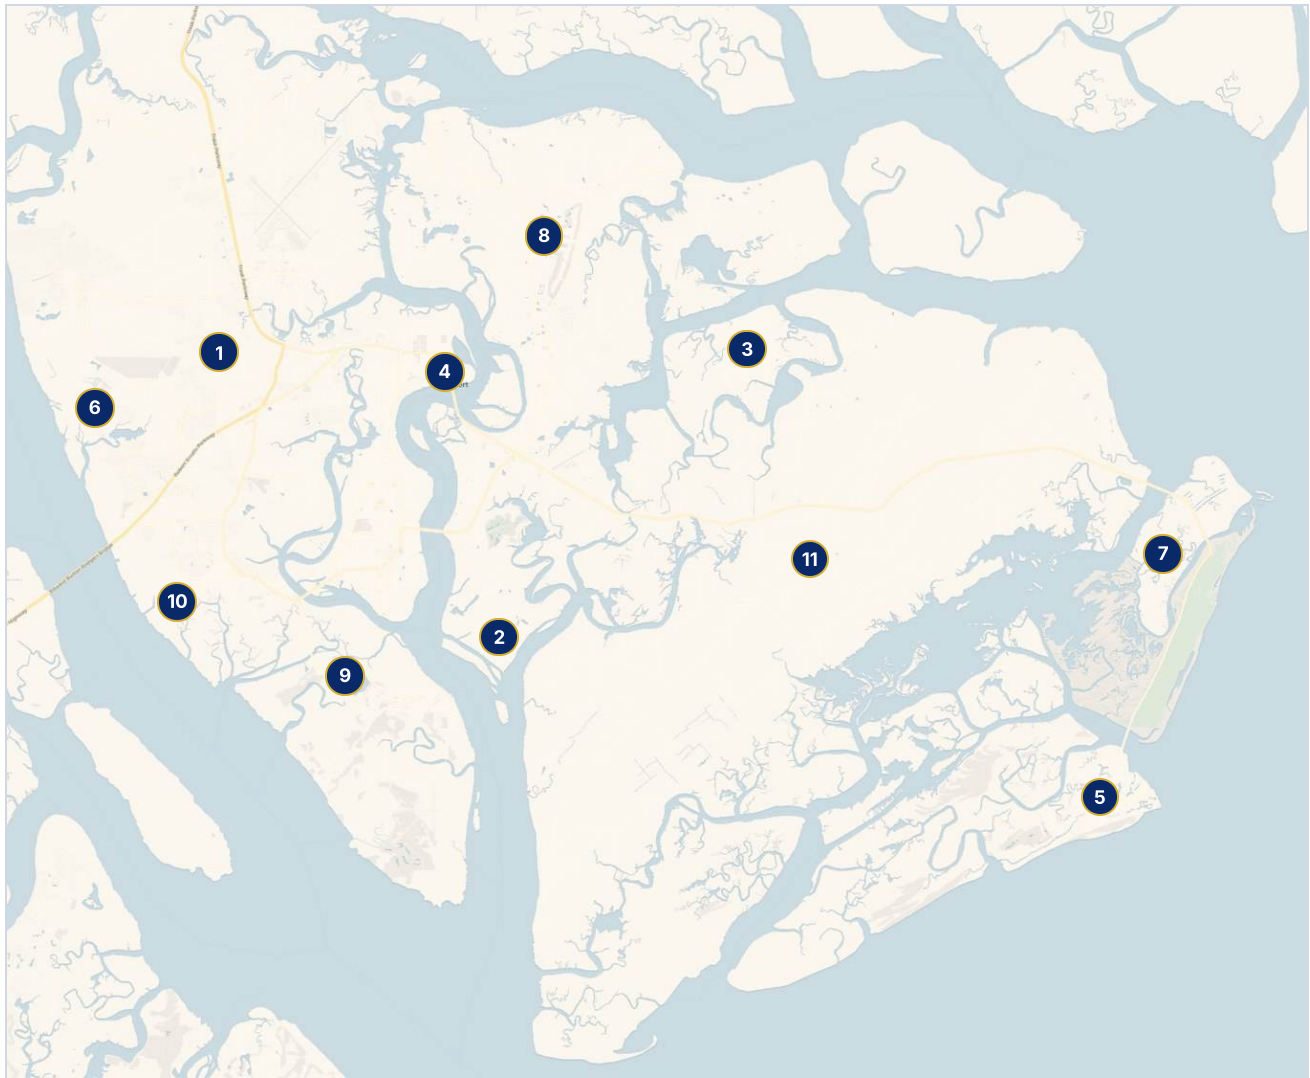

- | | | |
|----------------------|---------------------|-------------------------|
| 1 Belfair | 7 Hampton Hall | 13 Oldfield |
| 2 Berkeley Hall | 8 Hampton Lake | 14 Palmetto Bluff |
| 3 Bluffton General | 9 Hilton Head Lakes | 15 Rose Dhu |
| 4 Callawassie Island | 10 Island West | 16 Rose Hill |
| 5 Colleton River | 11 Lawton Station | 17 Spring Island |
| 6 The Crescent | 12 New Riverside | 18 Sun City & Riverbend |

Bluffton General covers every Bluffton sale outside the named plantations, so its pin marks Old Town rather than an average.

WHERE THESE COMMUNITIES SIT

Where they sit around Greater Beaufort.

Every Greater Beaufort community carried in this issue, numbered in the order the pages run. Each pin sits at the middle of the community itself, set from the mapped boundary of that community rather than from any one street address.

- | | | |
|------------------------------|-----------------|----------------------|
| 1 Burton | 5 Fripp Island | 9 Town of Port Royal |
| 2 Cat Island | 6 Habersham | 10 Shell Point |
| 3 Dataw Island | 7 Harbor Island | 11 St. Helena Island |
| 4 Downtown Historic Beaufort | 8 Lady's Island | |

Shell Point sits inside Burton and is shown separately. Downtown Historic Beaufort and the Town of Port Royal draw on city-wide and town-wide figures, so their pins mark the historic district and the town rather than an average.

TALITA & DOUGLAS HAGGIST

An engineer and a negotiator.

BEST HILTON HEAD PROPERTIES · CO-FOUNDERS

TALITA

Talita grew up in a family of international property developers and studied civil engineering in Italy, Germany, and Russia. She served as senior liaison to the chief executive of a major international steel producer, on government joint ventures in property and infrastructure. She founded a tile distributor in Italy, negotiating directly with Valentino, Missoni, and Giorgio Armani, and selling into the Australian market. Her property management company oversees residences in Europe, South America, and the United States. Talita speaks six languages and has lived on Hilton Head since 2015.

DOUGLAS

Douglas grew up in New York and spent many summers on Hilton Head. He worked for 10 years in NYC, and 15 years in London and Europe, in finance, medical research, and technology. Throughout his career, he has been involved in multiple startups achieving over \$1 billion in sales, valuations, and exits. He studied Physics and Philosophy at Colgate University, business at University of Oxford, and was a member of a prominent independent research think tank in Princeton. He is an avid reader and audiophile, leads the family office, and continues to develop commercial and residential property internationally.

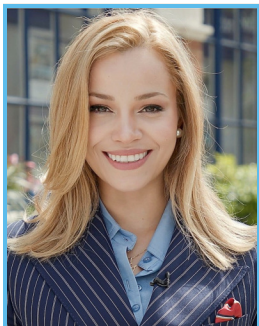

THE PEOPLE BEHIND THIS REPORT

The same rigor, applied to a single address.

An engineer and a negotiator, over 50 years between them across five continents.

Talita and Douglas Haggist founded Best Hilton Head Properties on a simple premise: the best counsel begins with the best information. They gathered and verified every figure in these pages by hand. When you are ready to hold a particular house to this standard, they are the best team to choose.
